

Houston, TX – March 11, 2026 – Ritek's, Inc. is pleased to announce its membership in the Chemical Distribution Network (CDN), effective Q1, 2026.

Edward Boss, President of Ritek's, Inc., stated, "Ritek's, Inc. is honored and excited to join CDN and collaborate with a community of leaders who are shaping the future of our industry. This is an important step for our company, and we believe CDN offers a unique opportunity to broaden our sourcing capabilities while learning best practices and programs that can further strengthen our operations. We are proud to align with an organization that reflects our values and our dedication to continuously improving the opportunities for our customers, our team, and the markets we serve."

Andrew Tuttle, Chairman of the CDN Board of Directors and Chief Operating Officer at Viking Chemical, welcomed the addition: "We are pleased to welcome Ritek's to the Chemical Distribution Network, as their experience and technical capabilities further strengthen the depth of expertise within our association. Their addition reinforces our commitment to building a stronger, more connected network of independent distributors."

Lynne Bukovic, Managing Executive Director for CDN, added, "Ritek's, Inc. brings an added dimension to CDN through their sophisticated manufacturing acumen and decades of chemical expertise. Their proven track record in custom formulation and reliable supply chain execution makes them an invaluable asset to our newest chapter of growth."

Ritek's is excited to contribute and benefit from CDN's expanding network of global supply partnerships, collaborative knowledge sharing, and best-in-class operational practices. As a member, Ritek's will have access to new business opportunities and global supplier relationships that further enhance the value and service it delivers to its customers.

Ritek's, headquartered in Houston, Texas, is a specialty chemical manufacturer and supplier serving industrial markets since 1989. The company provides high-performance chemical solutions supported by in-house formulation, blending, and technical expertise, with a strong focus on quality, safety, and responsive customer service. With manufacturing and blending capabilities in Texas, Ritek's supports industries including oilfield services, construction, coatings, adhesives, and sealants. Through custom manufacturing, R&D support, and reliable supply chain execution, Ritek's delivers tailored solutions designed to meet complex application and performance requirements across its customer base.

The CDN was founded in 2000 and is an alliance of independent commodity and specialty chemical distributors with a strong, supportive organizational culture. Collectively, CDN member revenues exceed \$1.4 billion, making it the 5th largest within the ICIS Top 100 North American Chemical Distributors. All CDN members hold membership with the Alliance for Chemical Distribution (ACD) and implement Responsible Distribution®, ACD's signature environmental, health, safety and security program.

Together with CDN, Ritek's looks forward to a future of shared knowledge, expanded sourcing, and continued excellence in chemical distribution.
